

Tilda's Toy Box

Patterns

All patterns are full size.

Note: a seam allowance must be added to all pieces in the pattern, unless described otherwise in the instructions.

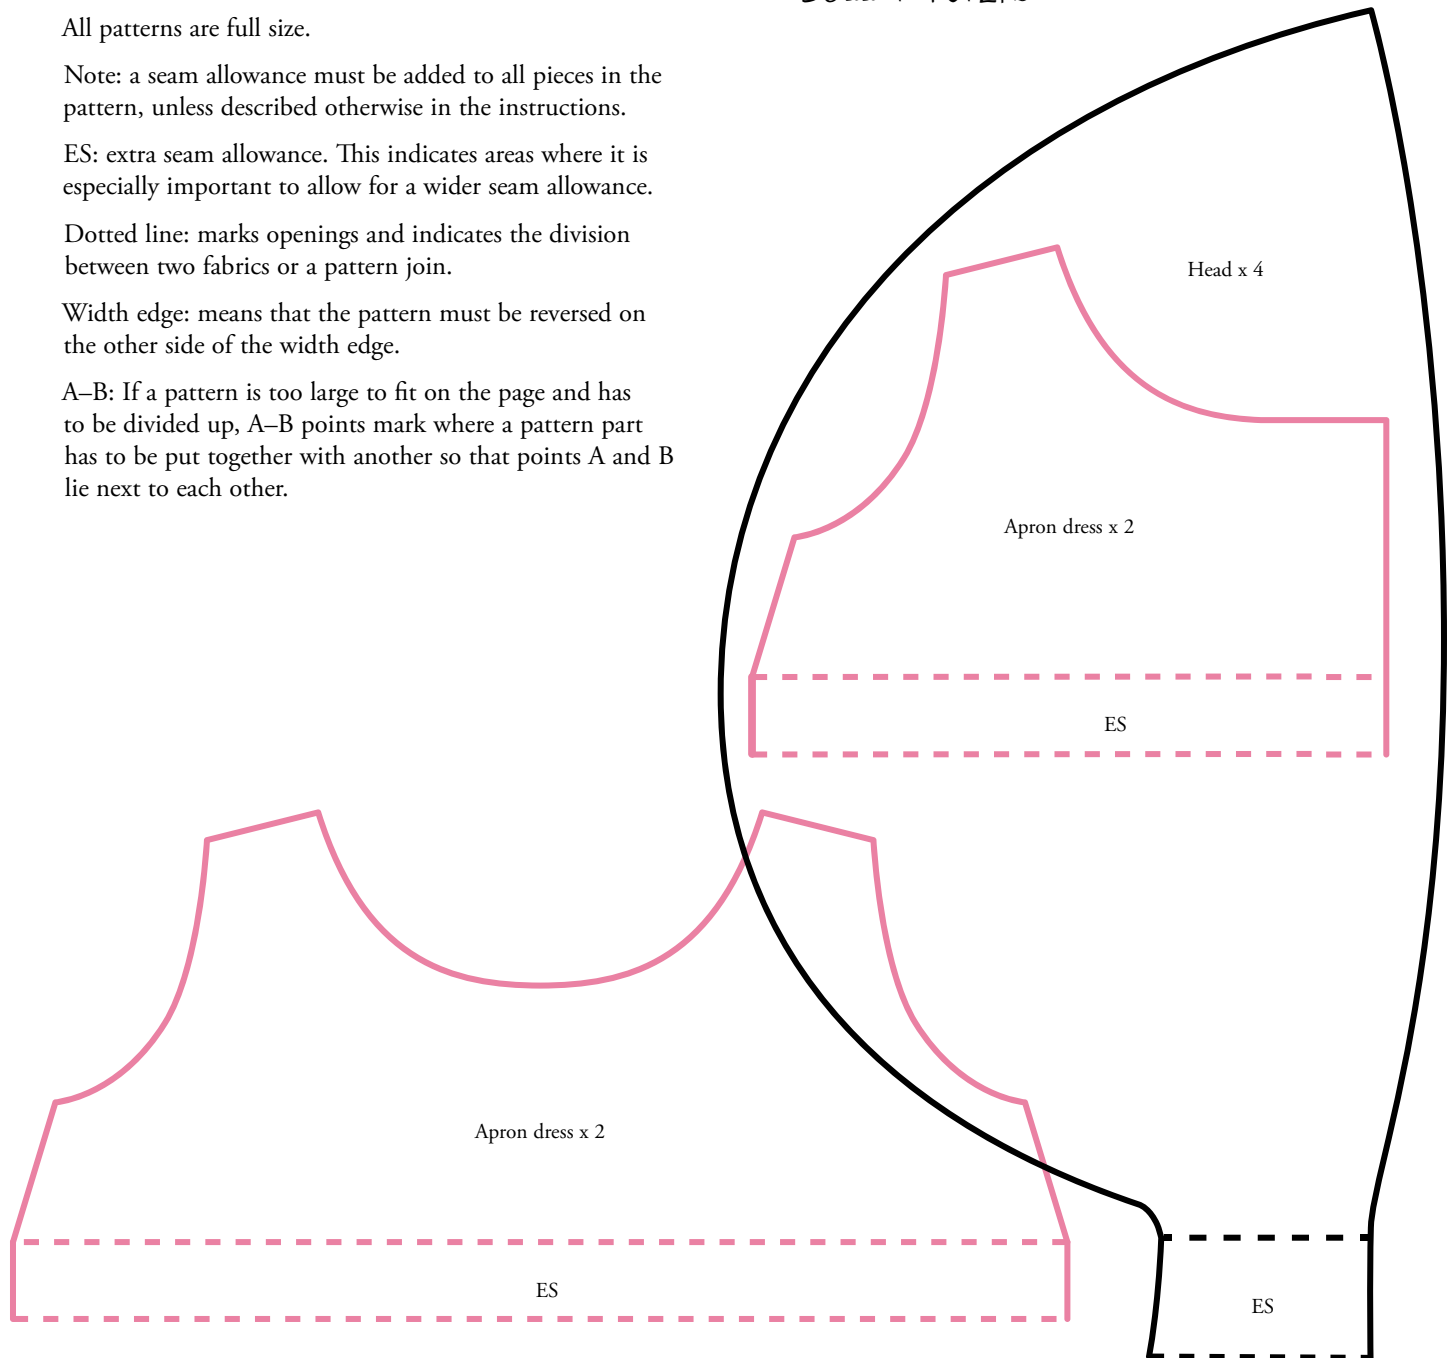

ES: extra seam allowance. This indicates areas where it is especially important to allow for a wider seam allowance.

Dotted line: marks openings and indicates the division between two fabrics or a pattern join.

Width edge: means that the pattern must be reversed on the other side of the width edge.

A-B: If a pattern is too large to fit on the page and has to be divided up, A-B points mark where a pattern part has to be put together with another so that points A and B lie next to each other.
